"Service to suffering humanity is service to God"
- Swami Sivananda

**Started with just 3
kids in a thatched
shed in 1945, we
now serve close to
4000 children in
about 50 villages.**

OUR PRIMARY ACTIVITIES

- We provide hygienic environment, balanced nutritious food, clothing, shelter, education, morals, basic family values, culture, and above all, the true value of love and affection

Our goal is to provide not just food, education and shelter, but also to instill morals & life skills to help our children grow, learn, and eventually become independent.

OUR PRIMARY ACTIVITIES

- One of the major advantages of our organisation is that all our children have the support of our senior citizens who themselves are neglected by their kith & kin. In return, the senior citizens get love and affection from the tiny tots when they need it the most

OUR PLAN AHEAD

- Constantly find ways to improve the quality of life of our children, elders, and staff
- Continue to strive to provide high quality education to below poverty families and uplift them
- Develop a 100% job placement focused Life Skills training Center for which, we are currently exploring a plan
